

2026 HAS STARTED ON A POSITIVE AND IMPACTFUL NOTE!

The Foundation has already facilitated 22 life-changing procedures for children across Namibia in 2026. Each procedure represents far more than medical care, it restores confidence, improves health, and brings renewed hope to both the children and their families. We remain deeply grateful to our dedicated medical teams, partners, donors, and supporters whose continued commitment makes these transformative opportunities possible.

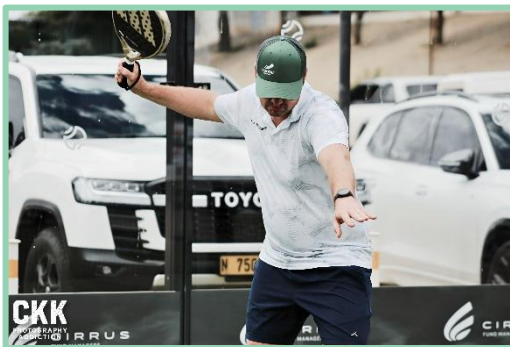

FAMILY TRAIL WALK AND RUN

Our first Family Trail Event was a heartwarming occasion that focused on togetherness, wellness, and community support. Families enjoyed a relaxed and enjoyable day outdoors, creating special memories while supporting the Foundation's mission. The event encouraged people of all ages to get involved, and it was inspiring to see such enthusiastic participation from the community. We sincerely thank everyone who attended and helped make the event such a positive and meaningful experience.

NAMPHARM FOUNDATION CORPORATE PADEL DAY

Our first-ever Padel Day was a fantastic success and a wonderful opportunity to bring supporters, friends, and community members together for a fun and active day in support of our Foundation. The event was filled with great energy, friendly competition, and plenty of laughter both on and off the court. We are incredibly grateful to everyone who participated, sponsored, donated, and helped make the day possible. Events like these not only raise important awareness for the work we do but also remind us of the power of community coming together to make a difference in the lives of Namibian children and their families.
